PUBLIC OFFICES CLOSED

Washington's Birthday Holiday
Follows Church Observance of Anniversary.

Schools, banks, exchanges and public offices are closed today in honor of Washington's birthday, the anniversary, which fell yesterday, was observed by special church services attended by the Missouri Society of the Sons of the Revolution and various American Legion posts.

More than 20 patriotic societies, including the Sons of the Revolution, attended memorial services at West Presbyterian Church, Maple and Maryville avenues, yesterday morning. G. A. R. veterans, Spanish War veterans, American Legion men and Boy Scouts participated in the services. The Rev. Dr. William B. Lampe, pastor of West Church, preached on "Heroes of Faith."

"It is well that we pause on the birthday of 'The Father of Our Country' to realize that the thing that brought him the confidence of a nation was a character that could not be bought, a sense of justice that would not tolerate defeat," Dr. Lampe said. "The justice and righteousness which was the fundamental part of his nature must still be the bulwark of the character of our people if the nation is to come to the realization of its dream. In too great a measure, the American people today are more interested in the return for their labor than the quality they put in it. They are more interested in the advancement of self than in righteousness."

"We need broadness of vision, one of the curses of this nation has been its inability to rise above sectionalism. America needs a re-birth of national vision and a re-dedication in fidelity to its national laws and honor, if it is to be great."

BREWERY RUN 69 YEARS QUILTS

Falling Demand for Near Beer Causes Illinois Plant to Close, Special to the Post-Dispatch.

QUINCY, Ill., Feb. 23.—One of the oldest and largest breweries in Illinois, owned by Dick & Brothers, was closed here today. Fires that have burned in the brewery since 1856, a period of nearly 70 years, were drawn, and will not be lighted again unless Federal laws are changed to permit the manufacture of beer, its owners announced.

The demand for near beer has gradually dropped off. It no longer pays the brewers to maintain the big plant for the manufacture of non-alcoholic beverages. The Dick brothers, builders of the brewery, were born in Bavaria, came to America in 1854, first settling in St. Louis, then going to Belleville and finally to Quincy.

SLAIN POLICEMAN

PROBATIONARY PATROLMAN
RUDOLPH HARTUNG.

SIX MEN HELD
FOR THE MURDER
OF POLICEMAN

Coroner's Jury Places Homi-
cide Charge Against One
of Them in Slaying of
Rudolph Hartung.

WAS KILLED AT
COUNTY ROADHOUSE

Man Directly Accused, Who
Is in Hospital, Wounded,
Is Bartender for "Jelly
Roll" Hogan.

Six men were ordered held for the grand jury, one on a homicide charge and five as accessories, by Coroner's jury at Kirkwood which today investigated the murder of Probationary Patrolman Rudolph Hartung, 27 years old, who was found shot to death, in civilian clothes, in the street in a roadhouse at 2701 South Broadway early yesterday.

The man charged with homicide, John Vollman Jr., a bartender, employed at the saloon operated at 2701 South Broadway by "Jelly-Roll" Hogan, leader of the Hogan gang, Vollman, who had been seen in the abdomen and left leg, was arrested at the Alexian Brothers Hospital, shortly after Hartung was killed.

The alleged accessories are Paulman William Walker, whose alleged slaying caused him to be designated as the human semaphore when recently assigned as traffic policeman at Seventh and Main street; Charles Cipolla, a known gangster, also known as "Red Green" Olmstead; John W. Sengard, proprietor of the resort; bartender, Jacob Van Damme, and Edward Stegers, a waiter at the Hogan resort.

The grand jury's decision was made after the prosecution attorneys asked the grand jury to decide whether the slaying should be released on bond.

Patrolman Hartung's body was found lying in the car tracks in front of the Hogan's saloon and was killed with seven bullet holes in the body and two revolvers of different caliber. At the inquest, conducted by Coroner Bopp, one witness testified he saw the revolver used in the slaying.

The witness, Maxwell D. P. P. 1424 South Twelfth street, testified he drove up to the cafe with his wife and a party of three. Just as two men emerged from the door of the saloon, he saw them struggling playfully.

He said, when the stouter of the two, whom he believed to be Hartung, gave his adversary a shove, both drew revolvers. There was a burst of shots, and then he saw the slayer running away.

George Merrill of 2140 Washington boulevard, said he was in the saloon when Vollman and Hartung engaged in a "drunken argument" over some fancied slight. Vollman made it up, he said, and they went out and walked together, and walked out in arm. A fusillade of shots was heard a moment later, said he.

Wahlbrink's Report on Case. Wahlbrink, a former prizefighter, appeared at Capt. Gerke's office at 3 p. m., and was suspended and placed in a cell after making his report. His account of the slaying was as follows:

"I was on duty at the station at 8 p. m. when I reported at the station and departed from the station and returned to the Police Corps. I recalled some argument in the saloon, but related that he 'fell asleep' and went out and in his automobile. The next morning, he reported, was being awakened by a policeman in his automobile on Michigan avenue and the police Pacific truck at 9 a. m. I identified myself, the policeman told Wahlbrink of the slaying, after which he went home, changed his uniform and reported on duty.

Howard, the proprietor, who called the Sheriff's office at Clay street, following the shooting, corroborated the account of the slaying, and related that when the slayer began he rushed to the door with a revolver in each hand, retreated when two bullets entered the woodwork over his head.

Police Soon Reach Place. The police of the Carondelet Police Station, Deputy Sheriffs and Constables, following the shooting, arrived at the place, they observed that a plate glass window had been shot out. Inside, at a table, were unfinished drinks, two of which were men's gloves and some of currency.

Patrolman Hartung resided at 2701 South Broadway with his wife. Funeral services will be held at 2 p. m. Thursday from a chapel at 2701 South Broadway, to New St. Cemetery.

Coroner's Commerce Tonnage. The Associated Press. HARRISBURG, Pa., Feb. 23.—Washington commerce of the United States in the fiscal year of 1924, ending coastwise traffic, amounted to 92,000,000 long tons, including imports of 42,800,000 and exports of 49,200,000 tons.

INTIMIDATION IN THE
STOKES CASE CHARGED

Attorney for Defense Stresses
Treatment of Witnesses by
Assistant Prosecutors.

By the Associated Press.

CHICAGO, Feb. 23.—John J. Healy, defense counsel in the trial of W. E. D. Stokes, charged with conspiracy to defame his estranged wife, announced today that he expected to produce witnesses to alleged attempts by assistant State's attorneys to intimidate Joseph Bruner and another witness. Healy indicated that this other witness was John Scott, an associate of Bruner, who has not as yet been on the stand. Healy asked Bruner, in cross-examination:

"Did they tell you, at the State's Attorney's office, after they had released you from your cell, that Mrs. Stokes' detective said to Scott: 'Well, Scotty, they put your friend Bruner away.'"

Judge Gemmill sustained an objection. Healy trapped Bruner in a discrepancy in testimony about his incarceration Feb. 15 by order of Assistant State's Attorneys. Bruner testified last week that he had not been handcuffed on that occasion. Today he admitted he had been handcuffed. Asked why he had testified otherwise previously, he said: "I thought it made no difference."

The previous testimony was given during cross-examination designed to show that he had been arbitrarily placed under arrest for alleged purposes of coercion. Bruner, identified on the stand a letter from D. F. Nugent, New York lawyer, also a defendant, saying "we want nothing but the absolute truth."

Bruner also identified a letter from Nugent expressed mystification at the "item mentioned as 'grease money' in Bruner's bill as investigator acting for Stokes under Nugent's direction. The letter and a telegram also identified by Stokes instructed Bruner to discontinue his investigations and report to Frank T. Jordan, a Chicago attorney for Stokes. The letter told Bruner he could not be employed longer at the remuneration he demanded in the bill and that he should have consulted Nugent before paying out so much, as reported in the itemized statement. Both telegram and letter were identified as received promptly after Bruner's bill was sent to Nugent and Stokes.

Jack Johnson, former heavyweight boxing champion, was brought in as a State's witness late today.

FOUR MEN KILLED BY TRAIN

Engineer Says They Were Seated
on Rail Near Harrisburg, Ill.

Special to the Post-Dispatch.

HARRISBURG, Ill., Feb. 23.—Late developments in the tragedy of Sunday night when four men were killed by a Big Four passenger train two miles north of Harrisburg show one of men to have been William Quinn, 40 years old, instead of James McGurt as was first reported. McGurt appeared at his boarding house early this morning. Exit of a jug which had contained moonshine whisky was found along the track. The engineer said all four men were sitting on the west rail and were not seen until the engine was almost upon them.

Others killed were Luther Foster, 56; John Cooley, 37; his brother, Henry Cooley, 39.

Child, 6, Gives Life for Sister.

LABORER IS FOUND DEAD IN
VAT AT CHEMICAL PLANT

Whether He Fell Into Machinery
or Was Dragged in by Con-
veyor Not Determined.

While tending a crystallizing machine in the plant of the Provident Chemical Works, 8011 Idaho avenue, George Byron Jr., 29 years old, a laborer, was in some manner caught in the mechanism and crushed to death early yesterday.

His body was found about 12:45 a. m. when other employees noticed that chemicals were not feeding properly from the device and sought the cause of the trouble.

Byron, who resided at 7522A Michigan avenue, was employed to stand by the crystallizing machine on the second floor of the plant to see that the proper materials were carried into it by a conveyor, or worm-drive device. Whether he was caught by the conveyor and dragged into the machine or fell into the vat while attempting to reach into it for something, is not known.

Byron's body was lying across the open vat, his left arm and head caught in the machinery.

139 ARRESTED IN LIQUOR
RAIDS IN EAST ST. LOUIS

Liquor Confiscated in Six Negro
Saloons in the "Bad Lands."

Fourteen East St. Louis police-
men under Chief of Police Barry,
yesterday raided six negro
saloons in the "Bad Lands," con-
fiscated a quantity of intoxicating
liquor, and arrested 139 persons,
including 12 white women and
nine white men.

Robert Harrison, a negro city
detective, found sleeping in a rear
room of the saloon of Ebbie Redd,
2202 East Broadway, where six gal-
lons of whisky was found, was sus-
pended today by Chief Barry, who
announced that he would prefer
Harrison was employed by her to
act as a "peace officer." Harrison
made no statement.

The proprietors were
charged with violations of the State
liquor law and the patrons with
disorderly conduct. With the ex-
ception of 15, all were released
yesterday on bond or paid fines of
\$5 and \$10 on charges of disorderly
conduct.

HELD ON HOMICIDE CHARGE
AFTER KILLING OF BROTHER

Joseph Steele Tells Coroner's In-
quest Shooting Was Accidental—
Bond Fixed at \$10,000.

Joseph Steele, 41 years old, to-
day was held under \$10,000 bond
for the grand jury on a homicide
charge at an inquest in the death
of his brother, John H. Steele, 44,
whom he shot to death in the
kitchen at his home at 1919A
North Fifteenth street, Friday
night.

Steele, in testifying, insisted that
the shooting was accidental. His
revolver was discharged when he
stumbled over a candle and was in-
specting it before retiring, he said.
His brother, William, testified he
was in an adjoining room and heard
no quarrel between his brothers.

The verdict was based apparent-
ly on the testimony of Police Ser-
geant Dan Stewart, who said two
panes of door glass were broken
and a jar of pickles spilled on the
porch. From this the Sergeant
concluded there had been a quarrel
and the jar was thrown at
someone.

OSBORNE WOOD IS
"BROKE" IN SPAIN;
WARRANT ISSUED

Continued from Page One.

After his trip to San Sebastian
she drove over and called on Wood
and was present during the inter-
view with Wood. Later she re-
turned to Biarritz. Wood driving
as far as the border with her.

When Wood was asked if he
knew about the warrant the police
said he had been asked for him, he
shrugged his shoulders and said:
"That's done. I know I can't
return to France. There's no use
discussing it," and he repeated, "I
have danced, now I must pay the
fiddler."

Father Said to Have Put an End
to Wall Street Deals.

Dispatches from Manila in De-
cember, 1923, reported that Os-
borne Wood had admitted making
between \$700,000 and \$800,000 in
speculation in Wall Street securi-
ties conducted by cable from Ma-
nila, where he was serving as aid
to his father, Governor-General
Leonard Wood of the Philippines.
His father was said to have put an
end to the deals when he learned
of them, because he thought it was
unwise that such a young man
should accumulate a fortune so
rapidly.

On April 12, 1924, it was an-
nounced at Washington that Os-
borne Wood had resigned his com-
mission as a Second Lieutenant in
the army.

Mrs. Osborne Wood in Decem-
ber, at the home of her father,
Henry B. Thompson, retired
manufacturer, in Greenville, Del.,
said she was separated from her
husband and had made up her
mind to sue for divorce. There
are two sons, one born in Delaware
in November.

DEMANDS INCREASE IN
MRS. QUICK'S PENSION

Congressman Newton Urges
Defeat of Omnibus Bill Un-
less Boost Is Granted.

Post-Dispatch Bureau,
20-23 Wyatt Building,
WASHINGTON, Feb. 23.—Rep-
resentative Cleveland A. Newton
(Rep.) of St. Louis advocated defeat
of the omnibus pension bill, now in
a joint conference Saturday unless
the pension of Mrs. Edith L.
Quick, of St. Louis, widow of the
famous Sergeant-Major John H.
Quick, Marine Corps, is increased
from \$30 to \$50 a month. New-
ton introduced both the bill for the
present pension of \$30 a month
and the bill for the \$20 increase.

Total rejection of the bill, which
contains hundreds of pension in-
creases, was urged in a letter New-
ton wrote to Chairman Harold
Knutson of the House Pension
Committee. This bill, as it passed
the House, increased Mrs. Quick's
pension from \$30 to \$50. The Sen-
ate Pensions Committee, however,
rejected this item on the grounds
that Mrs. Quick was only 44 years
old and should be able to earn her
own living, ignoring Mrs. Quick's
suffering from an ailment which
prevented her from obtaining em-
ployment.

When the Senate Committee
made its report it discovered
that while Mrs. Quick's claim was
rejected, Senator Bursum, chair-
man of the committee, recom-
mended an increase from \$12 to
\$50 for his former Secretary,
George George, who receives \$5000
a year from the Federal Govern-
ment as a member of the United
States and Mexico International
Boundary Commission. Following
the Post-Dispatch, New York and
Baltimore newspapers pointed out
this apparent favoritism and in-
justice.

In his letter to Knutson, New-
ton said:
"Sergeant-Major Quick had such
a marvelous record as a fighting
man that he was tendered re-
peatedly a commission in the
Marines, and always refused such
commission on the ground that he
preferred to make a record as an
infantryman. I cannot conceive
of a record of military service
more deserving of recognition than
the unselfish record made by Ser-
geant-Major Quick. I sincerely
trust that, as chairman of the
House Committee on Pensions, you
will stand steadfast for this in-
crease for Mrs. Quick, and that you
will not consent to the passage of
the bill until this wrong to the
widow of this great soldier has
been righted."

"My boys object. They ask me
why I let her wear such clothes."
They speak about their moral in-
fluence on men. But I know my
daughter's heart is clean. I protest
to her. "Well," she says, "I am
not living in a harem. If men
have filthy minds I am not respon-
sible. My mind is clean. Why should
I be ashamed of the body God has
given me?" Her vocabulary is dif-
ferent from mine. It hurts.

"Mother," she says, "you just pre-
tended you didn't know things. You
know. You got facts by subter-
fuge channels. I'm going to look
truth in the face. That's the best
chance for a happy married life."
"Now your misdeeds." "Age
doesn't understand because it
doesn't want to understand. My
dad is 50. If he wanted to under-
stand about me, all he'd have to do
is turn back life's book to page 21.
But he'd have to read every line
and every word. He won't do that.
He skips. He only reads the high
spots—what he likes to remember."

"Who is to blame?"

"is the conflict. Or, as I have

MAJ. GEN. WILSON, JEFFERSON DAVIS' CAPTOR, DIES

Civil War Officer and Engineer Built and Managed St. Louis Railroads—Spent Last Years Writing.

By the Associated Press.
WILMINGTON, Del., Feb. 23.—Major-General James Harrison Wilson, U. S. A., retired, last of the corps commanders in the American Army during the Civil War, died at his home here today.

Gen. Wilson, who was 87, had been ill for several months, mainly from the physical encroachments of old age.

After his retirement from the army, following his service during the war with Spain and the Boxer rebellion in China, Gen. Wilson lived quietly in Wilmington.

Gen. Wilson lived here alone, his wife having died during his official residence in Cuba. He leaves two daughters, Mrs. Henry B. Thompson of this city and Mrs. Edward F. Willard of Hyde Park, Mass.

Wilson Famed for Capture of Jefferson Davis.

Major-General James Harrison Wilson was the last member of Gen. Grant's staff. In his long, distinguished career he was a soldier, engineer, railroad man and author. He was famous as the captor of Jefferson Davis. While at the head of 15,000 mounted men, he conducted the campaign through Alabama and Georgia known in Civil War history as "Wilson's raid."

Gen. Wilson retired from the military service in 1870 to devote his time to railroad work, only to return to the army during the Spanish-American war and the Boxer campaign in China. His latter years were spent in writing. He was the author, in collaboration with Charles A. Dana, of the "Life of Gen. Grant," written in the early seventies.

In Spanish War, Gen. Wilson commanded the Sixth Army Corps. He accompanied the military expedition to Porto Rico and was appointed Military Governor of the island.

In recognition of his long military career, Gen. Wilson was appointed in February, 1901, a Brigadier-General of the regular army by act of Congress and was retired for age shortly afterward.

Represented U. S. at Coronation. On Jan. 14, 1902, President Roosevelt appointed him a member of the special embassy to represent the United States at the coronation of King Edward VII.

Born near Shawtown, Ill., Sept. 2, 1837, Gen. Wilson's earliest known paternal ancestor was a Revolutionary soldier. His father was a captain in the Black Hawk War. The general was educated at McKendree College, Lebanon, Ill., and was graduated from West Point in 1860.

Having been mustered out of the volunteer service in January, 1866, Gen. Wilson was for a short time engaged in the improvement of the Mississippi River.

Work in Mississippi Valley. After leaving the army, Gen. Wilson built and managed railroads in the Mississippi Valley and in New England, notably the Cairo & Vincennes, the St. Louis & Southeastern, and the Louisville, Evansville & St. Louis Air Line.

He was president and receiver of the St. Louis & Southeastern Railway in 1873-75, and became vice president and chief engineer of the Electric Railway of New York and president of the New York & New England Railway Co. in 1878-82.

Gen. Wilson at one time was a member of the Republican National Committee.

Among Gen. Wilson's writings were the biographies of Gen. An-

drew T. Alexander, Gen. McCook and Gen. John A. Rawlins. His travels in China, where he was engaged in railroad work, resulted in his writing "China: Travels and Investigations in the Middle Kingdom." He was also the author of "Under the Old Flag," a book of reminiscences.

SCIENCE SUCCEEDS

Milk of Magnesia and Mineral Oil now Combined

It has always been necessary to prescribe milk of magnesia and mineral oil separately, even though it has been generally recognized that, to be most effective, they should work together.

Haley's Magnesia-Oil is a highly successful combination of both. It is harmless, causes no cringing or nausea, and may be safely taken in large doses. Very palatable, only taste. Can be mixed with milk and given children without their knowledge.

The oil carries the magnesia straight to the lower bowel, the seat of most so-called stomach troubles. Both oil and magnesia work together. Their individual effectiveness is increased by the result is much quicker and more positive action.

Get a bottle of Haley's Magnesia-Oil today. Most druggists sell it. If yours can't supply you, we will mail postpaid on receipt of price. Large family size, \$2. The Haley M-O Company, Indianapolis, Ind.

C. OF C. REFERENDUM FAVORS LARGER POSTAL SALARIES

Business Interests, However, Oppose Bill Granting Flat Increase to All Employees.

By the Associated Press.

WASHINGTON, Feb. 22.—Business interests embraced in the membership of the Chamber of Commerce of the United States have voted in a nation-wide referendum overwhelmingly in support of "an adequate increase in postal salaries," but against "a flat general increase of pay, applicable throughout the country, for all classes of postal employees."

An analysis of the vote made public by the Chamber is said to reflect the opposition of business interests to the pending postal pay and rate increase bill.

"The chamber holds," the statement said, "that such increases as those of which its members have approved can be made without alteration in the postal budget and without necessitating any increases in postal rates."

"The greatest needs for increases in salaries in the postal service are for clerks and carriers in cities having the largest postal revenues; that is, annual revenues of \$5,000,000 or upwards," the statement said. "There are approximately 40,000 postal clerks and carriers in these cities, about 12 per cent of the employees in the entire postal service. If these 40,000 employees were given the increase of \$300 per annum contemplated in the pending bill, the cost would be approximately \$12,000,000 and \$2,000,000 more would cover the appropriate increases to clerks and carriers in cities of smaller size where conditions, although not serious, may be held to justify some increase."

Instructors to Be Dropped.

By the Associated Press.

ANNAPOLIS, Md., Feb. 22.—Six civilian instructors at the United States Naval Academy have been notified by Rear Admiral Henry H. Wilson, superintendent, that they will be dropped from the faculty next August. Admiral Wilson retires from active service today. Admiral Wilson explained the professors were being dropped in accordance with retrenchment program instituted at the naval academy since appointments of midshipmen by Representatives and Senators has been cut from five to three.

PRESENT TARIFF CALLED SUICIDAL POLICY BY HULL

Artificial High Prices Subjecting People to High Penalties, Says Democratic Congressman.

"SURPLUS DUMPED ABROAD CHEAPLY"

Warns That Existing System Will Mean Shrinkage in Production to Home Demands Only.

Post-Dispatch Bureau.
29-23 Wyatt Building.
WASHINGTON, Feb. 22.—Representative Cordell Hull (Dem., Tennessee), in a carefully prepared speech for the Congressional Record, has analyzed and denounced the Fordney-McCumber tariff.

"In order to raise \$550,000,000 from the present high tariff, the American people are subjected, in the way of artificial high prices for what they purchase, to a far heavier penalty than ever was imposed on a like amount of revenue that found its way into the Federal Treasury," said Hull.

"The existing tariff system is in direct conflict with sound economic policies, domestic and international. It not only sets up every sort of artificial trade barrier, but invites other commercial nations to do likewise."

Dumping Goods Abroad.
Conditions abroad, Hull pointed out, delay and obscure the appearance of the inherent injuries and unsound effects of the Fordney-McCumber tariff on the permanent business and economic conditions of this country. American producers already have been forced into the practice of dumping or selling their surplus abroad cheaper than at home.

"It is no justification of the Fordney system to point to the recent temporary increase in our foreign trade," declared Hull. "The fact that we have loaned our foreign customers \$950,000,000 during the past year and probably extended credit for an additional \$1,000,000,000 is a complete answer."

Add to this the fact that foreign populations have been behind in production and it is easy to account for the demand for American products at any price, Hull observed.

In Debt to America.
"Foreign countries and peoples today owe to America from \$20,000,000,000 to \$50,000,000,000," he pointed out.

"They only can pay with gold, goods or service. We have the major portion of the gold, as we also have our own merchant marine. We increased production during the war period an average of 25 to 33-1/2 per cent. We either must maintain and increase that level, finding markets abroad for the surplus or we may continue a high tariff fence around the nation and shrink and shrink to a production volume which only will equal our home consumption demands."

"We are destined to come to this later condition under our present high tariff policy. This inevitably means such idle capital, idle labor and conditions of stagnation in the future. Today our chief imports are raw materials and foodstuffs we do not produce. Imports of manufactures, coming mainly of high-priced articles specially wanted on account of their pattern, design or foreign make."

"Provincial Policies."
"A glance at the financial, industrial and commercial power and resources of America utterly discredits such restricted, provincial, temporary and suicidal economic policies as the Fordney Tariff law embraces."

Hull said the farmer had realized he got no benefits from the tariff to compensate for the high price he pays for supplies.

"He (the farmer) now knows," it was explained, "that any industry or business in America which produces a substantial surplus which must be sold in world markets cannot hope to receive any appreciable tariff benefits; that while the high tariff created artificial temporary prosperity for certain industries, others languish or suffer depression."

TWO MEN SLAIN, FIVE HURT, IN KENTUCKY PISTOL FIGHT

Deputy Sheriff Among Those Killed—Cause of Shooting Not Learned.

By the Associated Press.

MARTIN JUNCTION, Ky., Feb. 22.—Two men were killed, including a Deputy Sheriff, and 5 were wounded during a pistol fight here yesterday. The cause of the shooting has not been learned.

The dead: Earl Hall, Deputy Sheriff of Floyd County, and Lewis White. The wounded: John Hall, Town Marshal of Wheelwright, Ky.; Steven and John Flannery; Dick Thompson and Norman Collins. Authorities said White and John Hall met at the latter's home, boarding a train here shortly before noon. The men are reported to have exchanged a few words and then to have drawn pistols, after which the firing became general.

Maybe your teeth are gloriously clear, simply clouded with a film coat. Make this remarkable test and find out.

Dazzling White Teeth

Here is the quick, new way dentists are widely urging

Make this unique test. Give your teeth high polish, and fresh new color simply by removing the dingy film that coats them and invites decay and gum troubles.

THIS offers you a simple, scientific test—one judged the most remarkable of all dental tests.

It will bring out qualities in your teeth you do not realize they have. In a short time you can work a transformation in their color and their luster.

Modern science has evolved a new and radically different method which successfully removes the dingy film that imperils healthy teeth and gums.

Simply send the coupon. Don't think your teeth are naturally "off color" or dull. This will prove they are not.

Film—the enemy of beautiful teeth and healthy gums

Run your tongue across your teeth, and you will feel a film—a viscous coat that covers them.

That film is an enemy to your teeth—and your gums. You must remove it.

It clings to teeth, gets into crevices and stays. It absorbs discolorations and gives your teeth that cloudy, "off color" look. Gums by the millions breed in it, and they, with tartar, are a chief cause of pyorrhea.

Tooth troubles and gum troubles now are largely traced to that film. Old-time methods fail in successfully com-

bating it. That's why, regardless of the care you take now, your teeth remain dull and unattractive.

New methods remove it. And Firm the Gums

Now, in a new-type dentifrice called Pepsodent, dental science has discovered effective combatants. Their action is to curdle the film and remove it, then to firm the gums.

Now what you see when that film is removed—the whiteness of your teeth—will amaze you.

Ordinary methods fail in these results.

Harsh, gritty substances are judged dangerous to enamel.

Thus the world has turned, largely on dental advice, to this new method.

A few days' use will prove its power beyond all doubt.

Mail the coupon. A 10-day tube will be sent you free. Why follow old methods when world authorities urge a better way?

JOB E. HEDGES, FAMOUS FUN-MAKER, DIES AT 63

Had Been Receiver for New York Railways and Once Ran for the Governorship.

Special to the Post-Dispatch.

ATLANTIC CITY, N. J., Feb. 22.—Job E. Hedges, noted wit, who had been receiver of the New York Railways, died here yesterday at the age of 63, following an illness of a year. Funeral services and interment will be at Danville, N. Y., Thursday.

Hedges was a graduate of Princeton and the Columbia University of law school. From 1895 to 1897 he was secretary to Mayor Strong of New York City. He once served as a member of the U. S. Fisheries Commission. Running on the Republican ticket he was defeated by William Sulzer (Dem.), for the governorship in 1912. Political expert, he called Hedges' fatal gift of humor one of the chief causes of his defeat, pointing out that voters would not take seriously the candidacy of a famous fun-maker.

Some typical sayings of Hedges, follow:

"It is not difficult to fool other people, but it's quite an art to fool yourself and still be on good terms with yourself."

"If a man stood before a mirror one hour a day he'd laugh himself to death or insane or become a decent citizen."

"An Irishman never gives a power of attorney. He's born with a degree of confidence in himself that's clear, comprehensive and all-embracing."

"I'd rather have one person shed a tear over my grave than to have the National Guard called out and some fellow ask, 'What was the name of the guy we just buried?'"

RUSSIAN DANCER KILLS SELF WHEN ADMIRER TIRES OF HER

Olga Vassilleva, After Visit to Montmartre, Uses Tiny Revolver Given Her By Wooer.

Covering 1923 by the Press and Publisher Publishing Co., New York World, and the Post-Dispatch.

PARIS, Feb. 22.—Olga Vassilleva, tossed by the storm of the Russian revolution into the treacherous haven of Montmartre, has sacrificed herself to love. She shot herself through the head last night with a tiny revolver given her by her lover.

He was a wealthy industrialist who had wooed her a year ago while she was earning her living by dancing. She had learned the art in Russia, where, before the revolution, she was the daughter of wealthy parents.

Her idyll with the Frenchman was her first love and she adored her protector. But for him the romance was only a passing caprice. When Olga returned from the Riviera, where he had sent her, a few days ago, she found a note from him explaining it was all over.

For the last time she went to the Montmartre cabaret. She drank freely of champagne and took part in the dance competitions, dancing as never before, so that she had the whole company at her feet.

Finally she departed. As she stepped outside her bag opened and the revolver fell out and was discharged. She picked it up with a laugh, but to an attendant who asked if he should call a taxicab she said: "No taxi will take me where I am going."

She walked as far as the next street, where her body was found.

IN LEADING OPERA ROLE AT 20 Alabama Girl Wins Place in Competition With 200 Others.

By the Associated Press.

NEW YORK, Feb. 21.—Miss Mary Frances O'Connell, 20 years old, of Mobile, Ala., made her grand opera debut last night in the leading role of Lazzara Saminski's new opera, "Cagliardi of a Merry Plague."

Two years ago she arrived here, one of the hundreds of obscure students who come to New York every year to study singing. She had won the Alabama Julliard Art Foundation scholarship, which gave her a year's vocal training. This, however, was not enough and she continued to study for a year more, supporting herself by taking parts in the choruses of musical comedies. When the cast for Saminski's opera was being chosen, it was decided to award the leading role to the winner of a vocal test. Miss O'Connell entered it and was chosen for the part over 200 competitors.

Bonnet Gets \$1300 Prize for Speed.

By the Associated Press.

PARIS, Feb. 22.—Adjutant Florentin Bonnet, the world's airplane speed record holder, with an average of 448.171 kilometers (approximately 278 miles) per hour made over a three-kilometer course has been awarded the prize of 25,000 francs (approximately \$1300) donated by Frank P. Lahm, the American aeronaut. The prize was awarded for the Frenchman or foreigner, member of the Aero Club of France who, during the year, turned in the most interesting performance in any sort of aerial locomotion.

Ends Stubborn Coughs in a Hurry

For Real Effectiveness, This Old Home-Made Remedy Has No Equal. Ready and Cheaply Prepared.

You'll never know how quickly a cold cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost magic. It is very easily prepared, and there is nothing better for coughs.

Into a pint bottle put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full-pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the cough thin out and disappear. A dry use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway spruce extract, the most reliable remedy for throat and chest ailments. In avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. Pinex Co., Ft. EXPLANATIONS ON CONGRESS' SALARY VOTE 'FILL' RECORD

Representatives Hasten to
"Extend Remarks" to
Give Reasons for Their
Stand on Increase.

Post-Dispatch Bureau,
20-23 Wyatt Building.
WASHINGTON, Feb. 23.—Expla-
nations pro and con—mostly con-
of votes on the increase of salaries
of Congressmen from \$7,500 to \$10-
000 a year have filled the Congres-
sional Record since Friday, the day
the measure slipped through the
House without a roll call.
So far three Representatives
have gone on record and into the
Record as having voted for the
bill. Fifteen others have given ex-
tensive reasons why they were op-
posed to the increase.

Dickinson Explains.
Representative C. C. Dickinson
(Dem.) of the Sixteenth Missouri
District wrote in Saturday's Rec-
ord: "I deem it proper to present
in the Record my position relative
to this increase. When it came up
for passage I voted in favor of a
roll call, so that each member
could better evidence his attitude
toward this increase by a record
vote. I was opposed to voting an
increase of my own salary in the
next Congress. I felt I would bet-
ter represent the views of the peo-
ple of my district on this subject by
voting against said increase.
"I did not believe the depressed
conditions in the agricultural dis-
trict that I am trying to represent
would justify my voting for this
increase and I opposed it, thus
representing my own position and
the supposed attitude of my con-
stituents."

Soldiers View.
Representative Ralph Loxley
(Dem.) of the Second Missouri
District, who makes more use of
the "extension of remarks" privi-
lege than any other Missouri Con-
gressman, wrote in part:
"I realize that there is force in
the argument that the present sal-
ary of Senators and Representa-
tives in Congress is too low to at-
tract the best talent in our nation
and as a result very frequently the
ablest men in a district or State
earn so much more in private or
professional life that they cannot
afford to enter the Senate or
House."

"In this way the public may be
losing the benefit of the services
of many of its ablest men. But I
think for the present the safe and
sane policy is not to incur this ad-
ditional expense.
"I think the Congress should be
willing to go along and be satisfied
with the present salary until eco-
nomic conditions among all classes
will justify such an increase. If
Congress refuses this increase in
salaries it will be practicing real
economy and will thereby trans-
late our professions into actual and
sincere practice of economy. For the
reasons stated I shall vote against
this salary increase."

They Favored Increase.
Those who favored the increase
were more terse in their remarks.
Representative Florent H. Laguer-
re, an independent Republican, merely
stated: "Mr. Speaker, I
voted for the legislative salary in-
crease." Representative Henry E.
Barbour (Rep.) of California, was
next for brevity. He said: "Mr.
Speaker, I voted for the amend-
ment to the legislative appropria-
tion bill increasing the salaries of
Cabinet officers, Senators and Rep-
resentatives."

Representative Grant M. Hudson
(Rep.) of Michigan, was the third
to go on record as favoring the in-
crease. He stated he would like to
have seen a yea and nay vote.

Voss Eleven Gives Saints
Hard Fight, but Kenricks
Are Overwhelmed, 7 to 0

More Than 10,000 Fans View Semi-Finals for Park Championships, Played on Wet Field at Fair Grounds—Final Series Will Start Next Sunday.

By Herman Wecke.

The St. Matthews soccer football eleven, champions at Fairground No. 2 group, and the Henses, title winners at Sherman Park, will fight it out for the Municipal Association soccer championship. This was decided yesterday when the two eleven came through with victories in the semifinals at Fairground No. 2. The Matthews eliminated the Voss team, champions of Fairground No. 4, 2 to 1, while the Henses romped over the Kenricks, champions of Fairground No. 3, 7 to 0.

One of the largest and most exciting municipal elimination contests, estimated at 10,000 persons, saw the double attraction. Both games were in the nature of upsets. The St. Matthews, made up almost entirely of former professional league players, were expected to have an easy time defeating the Voss team, while the Henses-Kenrick battle was expected to prove a hard-fought affair. However, just the opposite proved to be the case.

Wet Field Handicaps Rivals.
A field, made slippery by the early morning rain, and with water covering the turf in spots, proved a handicap to both the Matthews and Voss teams. The Matthews, exhibited by far the better teamwork but the goal shooting was off color. Time and again, the eleven had opportunities, only to be halted by the Voss backfield or about wild. The Matthews were unable to put over the winning goal until eight minutes before the finish, when outside left Berry sent through a shot during a scrimmage in front of the upright.

The St. Matthews team started with a rush, scoring after two minutes of play when, following an advance up the field in which the entire forward line figured, McCawley sent the sphere into the net. This lead endured until eight minutes later, when Inside Right Mengeron found the net for the equalizing marker. From then on the teams battled furiously until Berry's goal decided the issue.

On two occasions during the second half the Voss eleven had openings, but fell very badly.

Henses Overwhelm Kenricks.
A fine passing attack, coupled with a sound defense, proved the feature of the Henses' victory over the Kenricks. The Kenricks showed plenty of speed, especially in the first half, but were stopped time after time by the dense backfield of the Henses. The Matthews eliminated the Fairmount Democrats in the first round, while the Sherman Park team defeated the St. Matthews, finalists last year.

JOE and ASBESTOS—You Can't Keep a Good Handicapper Down

18.2 Tournery Greatest Test of

Hoppe's Career, Peterson Writes

Champion Should Win and Retain Title, Fancy Shot Expert Says, but His Opponents Have Improved and He Is Entering Competition After 3-Cushion Match.

(This is the final article of a series written by Charles C. Peterson, famous fancy shot expert, in which he discusses the merits of the players competing in the international billiards tournament starting tonight at Chicago.)

By Charles C. Peterson.

Never in the history of billiards have the players in the world's title tournament been so closely matched as we find them today. Picking the winner of the tournament which opens at the Congress Hotel in Chicago, tonight, is an extremely hazardous undertaking.

Any one of the six contestants with the possible exception of Suzuki, is a billiard marvel and it is easily conceivable that the champion, William F. Hoppe, may lose one or more matches.

There are several factors which make the tournament this year different from any that has gone before. One is the improvement of the American players, Cochran and Schaefer. Another is the fact that Hoppe has not been practicing at billiards but is jumping right into a challenge three-cushion match in the billiards play.

However, after carefully weighing all considerations, I am forced to the conclusion that HOPPE should survive this, the greatest test of his career.

Schaefer has won title. Schaefer deserves consideration above any other challenger because he took the title away from Hoppe in 1921.

He is a specialist, may find conditions exactly to his liking and amaze some by his high runs, with his delicate line. If his open table play has improved since I last saw him perform, he may upset the whole show.

Hagenlacher, the student, may by his methodical, deliberate scheme of play throw any nervous competitor off his game. He is a very capable fellow and really has never had an opportunity to demonstrate the real value of his game in tournament play.

Suzuki, because of limited tournament experience, is necessarily a high risk as the others, but he has proved that he can play sound billiards.

I believe the tournament will be productive of some of the most brilliant billiards ever witnessed.

The element of "breaks," or luck, which is rather very small in billiards, will become increasingly important and the championship may be decided upon a tiny twist of fate.

Walberg, like Groves, is a south-paw and after a poor start with Milwaukee finished with 18 victories and 11 defeats. He ranked well up in efficiency in the A. A., giving 3.71 earned runs a contest. He proved a master of control in the minors, walking but 23 men in 175 innings. He struck out 107 batters. Stokes, who comes from the Western, won but 11 and lost 27 clashes in 1924.

The 1924 records of Mack's rookies: Name, Club From, Record, Earned Runs, Batters Faced, Wins, Losses, ERA, etc.

Two Slugging Outfielders. However, these two are not the only ones who will try for regular places. There are two outfielders, who in the minors hit for better than .300. They are Bagwell, last spring with the Braves, who averaged .357 with Galveston, and Lamar, who hit .357 in the A. A. and finished the 1924 season with the Mackmen.

French, recalled from Shreveport, where he hit .352, and Smith, a shortstop from the Evansville club, will make bids for places on the infield. Smith was with the Athletics a short time last fall and, according to reports, made a big hit with the team leader of the Philadelphia Athletics.

In addition to Groves, six other pitchers will be on the squad. They are Glass from Cambridge, Reitz from Portsmouth, Willie recalled from Milwaukee, Willie and Andrews from Martinsburg and Stokes from Des Moines.

Rickey Expects

Hard Fight for
Jobs in Infield

Cardinal Manager Says It's Up to Men to Solve the Problem.

ST. LOUIS, Feb. 23.—(Aboard the Cardinals' Special to St. Louis, Mo.) "How are you going to line up your infield?" Manager Branch Rickey of the Cardinals was asked as the St. Louis National's party passed through the airport and on the way to the club's training camp in California.

"That question will solve itself," was the reply. "I have about eight infielders to take care of four positions regularly, and it will be up to the boys themselves to work out the best solution."

"As a matter of fact, I am better prepared to take the field with a formidable inner works than ever before, and the matter of selecting the strongest combination is not worrying me one iota. The boys themselves will solve that problem for me."

"The first and second base jobs are already taken care of, with Botelho and Hornsby in good physical condition. That means then, that it is up to the other infielders to battle it out for the jobs at third base and shortstop."

Two Jobs for Six Men.

"There will be keen competition for the two infield jobs on the left-hand side of the diamond, and the two men best qualified for the places surely will have demonstrated that fact by the time we return to St. Louis in April."

"That's up to the boys themselves. Somebody will probably crack under the strain."

In venturing his opinion as to how he would line up two infielders, Rickey named Botelho, Hornsby, Lester Bell and Howard Freidman as the combination for one team, and Heinie Mueller, Jimmy Cooney, Tommy McEwen and Wattle Holmes as the other quartet.

The same situation holds good in the outfield. By tomorrow it is expected that there will be six or seven players trying for three outfield berths.

Miller Now Infielder.

It's up to these boys to settle the outfield problem for Rickey also. There are four right-handed hitters and two left-handed hitters, and for the early games it is likely that Ralph Shivers, the former Giant, drafted from Toledo; Taylor Douthitt, who served with St. Joe last year, and Chick Hafey, the Houston recruit, will form one team, with Maxie Fleck, Jack Smith and Ray Stades making up the other trio.

Heine Mueller will be playing on the infield. In the Dutchman's case it is simply a matter of the Grand Duke of the Gravois recovering his batting form.

Cards Release Wington. Fred Wington, young right-hander, who last season pitched in the Cardinals' minor league, was recalled by the Cardinals, has been released outright to the Syracuse (Minor League) team. It was announced by Treasurer H. Mason this morning.

KANSAS CITY AND OMAHA BOWLERS FAIL TO DISTURB LEADERS

Leaders in all divisions of the National Bowling Congress remained undisturbed by those who rolled yesterday at the Rogers alley. Omaha and Kansas City representatives predominated yesterday.

The best doubles score was turned in by J. Maylen and P. Maylen of Omaha, who topped 1129 pins. M. O'Donnell and H. Lemke of Kansas City were next with 1163 and Lemke continued his good work in the singles when he had the best score of the day, 419.

St. Louis bowlers confined their attention to the doubles and fifteen event. The Collinsville (Ill.) team was high in the team event with 2580 and Kain Council No. 1 was next with 2520. The lead in this branch is held by the Commodore Barry team of Chicago with a 2521 total.

ST. LOUIS FIVE WINS THIRD PLACE MONEY IN BOWLING TOURNAMENT

MINNEAPOLIS, Minn., Feb. 22.—Competition in the International Bowling Association's seventeenth annual tournament ended today when the final singles and doubles were rolled.

Milwaukee, Chicago and Duluth bowlers occupied the alley throughout most of yesterday and last night, but little change resulted in the standings. The principal change was in the singles, where J. Falcov of Chicago threatened the lead of William McElroy of St. Paul.

On Friday, 113 (Kerr), 4 to 3, 8 to 5, 1 to 3, first; Conner, 165 (Chapman), 3 to 2, second; Sumner, 118 (St. Louis), 1 to 3, third. Time, 1:34.4-5.

On Tuesday, Blue Bird, Seattle, 8 to 7, first; Blue Bird, Seattle, 8 to 7, second; Blue Bird, Seattle, 8 to 7, third. Time, 1:34.4-5.

On Wednesday, Blue Bird, Seattle, 8 to 7, first; Blue Bird, Seattle, 8 to 7, second; Blue Bird, Seattle, 8 to 7, third. Time, 1:34.4-5.

On Thursday, Blue Bird, Seattle, 8 to 7, first; Blue Bird, Seattle, 8 to 7, second; Blue Bird, Seattle, 8 to 7, third. Time, 1:34.4-5.

On Friday, Blue Bird, Seattle, 8 to 7, first; Blue Bird, Seattle, 8 to 7, second; Blue Bird, Seattle, 8 to 7, third. Time, 1:34.4-5.

PIKERS STILL HAVE CHANCE TO OVERTAKE KANSAS QUINTET

Washington Must Win All Remaining Games to Tie For Valley Title Honors

If Jayhawkers Are Defeated Twice More, While Washington Is Winning, the Championship Will Go to Local Five—Hard Week for Leaders.

With the race for the Missouri Valley Conference basketball championship drawing toward a close, the games scheduled for this week assume an important aspect, particularly since the leading Kansas Jayhawks and their nearest rivals, the Washington University Pikers, each have three contests.

Kansas, by defeating Nebraska, and Drake last week, tightened her hold on first place and is now setting a fast pace with a record of 11 victories and 1 defeat. This week's competition, however, will prove a test for the Jayhawks. Tuesday they meet the Kansas Aggies at Manhattan, and when it is recalled that the Aggies have been the only team able to stop Kansas this season, it is not unreasonable to entertain the belief that the Wildcats may repeat, particularly since their meeting this time is to be on the Aggies' home court.

On Thursday night Kansas will have another hard game with the Oklahoma Sooners. At Norman, Kansas defeated Oklahoma easily earlier in the season. Oklahoma, however, is one of the most erratic units in the conference. The Sooners have the strongest scoring punch in the Valley and at times this year have played remarkably fine basketball, which means that if they are at their best against Kansas, anything may happen. Kansas' third battle, at Lawrence, will be with its traditional enemies, the Missouri Tigers. Kansas moved out a one-point victory over Missouri two weeks ago, and the Tigers, who have been showing a steady improvement, will undoubtedly have nothing undone to trip the Jayhawks this week.

Pikers Have a Chance. Washington University, by defeating Nebraska and Grinnell last week, moved up to second place and now looms as a serious rival to Kansas should the latter slip. Washington also has three games this week, all of them away from home, but the schedule favors them in that they meet the three weakest units in the Valley, Drake, Grinnell and Ames, each of whom the Pikers have defeated by overwhelming scores in previous engagements at St. Louis. Washington has a record of 7 victories and 1 defeat.

Washington now has an excellent chance of tying with Kansas for the title, and even winning the coveted championship from the Jayhawks. The last game on the conference schedule brings Washington and Kansas together at Lawrence. If both teams continue undefeated until then, a victory for Washington will enable the Pikers to share the title with Kan-

Just Like Lewis.

WAYNE M. Munn, "brute strength" mat champion, it appears has a little list of challengers who never would be missed. The list is not long, as yet, including only Joe Stecher and Martin Piestina. But watch it grow.

Munn is evidently a man of discernment. His blacklist shows it. He could not have picked two men who would do him more good—on Wayne's little list. They are perhaps the two toughest obstacles in all the wrestling world. Blacklisting them may help make the world safe for our new champion.

Popularity Can't Be Cashed.

WHICH brings us to a thought for the day, of interest to Wayne Munn. Ed Lewis, Munn's predecessor, also had a little blacklist. Likewise it included Piestina and Stecher. And to it Lewis added several others who were not acceptable to the Sandow-Bowman family circle.

The result was that Ed became one of the most unpopular champions that ever stepped on to the mat. Men went to his exhibitions in hope of seeing him beaten. And part of Munn's present popularity is due to the fact that he was the chosen instrument in Lewis' downfall.

All Munn has to do to retain popularity is to carry out his first statement that he would meet ALL comers. All he has to do to become detested is to sidestep them, as did Lewis, and nurse a few meat tickets.

However, what does popularity bring one? Lewis became rich through being unpopular. We will view the enlargement of Munn's blacklist with interest.

Why Jack Will Fight.

ALL the ballyhoo about Jack Dempsey's retirement has been in vain—he will fight again. In fact, there probably was not a doubt at any time that he would enter the ring again, barring physical accidents.

The reason is that Dempsey is not so thoroughly saturated with money that he can afford to ignore his bit out of a \$500,000 guarantee to himself and Kearns.

Dempsey is not the millionaire he is reported to be. If Dempsey has in property and personality half that sum, he is better off than figures show. And, as much of his hard-earned coin is now in bricks and mortar and other ephemeral earning commodities, lack of ready cash may have proved too strong an urge to be ignored.

Uncle Sam's Big "Take."

PURSES for three fights of Dempsey's, the Firpo, Gills and Carpenter shows, were supposed to bring him in \$500,000. But, as a matter of fact, the income tax and the deduction of 50 per cent of the purses for Jack Kearns, left the net result to Dempsey very little over \$250,000, after heavy expenses had been deducted.

It is doubtful if the net return of all his other fights totaled \$150,000 for Dempsey's bank account. And from this must be deducted the expenses of a rather extravagant life since the title went his way in 1919.

For winning the title it is doubtful if Dempsey received more than \$10,000. His guarantee was \$27,500 and Willard's \$100,000, both subject to high income tax of the war period.

Dempsey was once offered a \$500,000 purse by a motion picture man. His share of that, under the super taxes then existing, would have been only \$193,000, to be divided with Kearns fifty-fifty or, about \$96,500.

The surtax today on sums in the hundreds of thousands, is still 50 per cent. Dempsey has paid as high as 80 per cent.

So that Jack can still use his half of a half million dollars of coming. And hence the downfall of his "retirement."

Can't Be Done.

IT is reported that Dempsey is asking between \$750,000 and \$1,000,000 for appearing in the ring again.

But it can't be had for the asking.

With the limited prices permitted today, the capacity house at either Yankee Field or Boyle's Thirty Acres, is not greatly over one million dollars. The largest take in history was \$1,600,000, the Carpenter fight at Boyle's Thirty Acres, when there was no limit on the ticket prices and \$50 ringside was asked and given.

That figure will not be reached again while price limits prevail.

Millers Again Show Wonderful Scoring Punch, Beating Scullins

Soccer League Leaders Appear Able to Shoot Goals Through Whenever Ready — With Only Three More Games to Play, Title Appears Clinched.

By Dent McSkimming.

The scoring attack of the Ben Miller team has reached such perfection that the players appear to be confident that they can score whenever they please. Yesterday, in the St. Louis Soccer League game, the Millers were held to a scoreless tie in the first half by the Scullins but, within the first 10 minutes of the second half they registered three goals and won the game, 3 to 0.

The failure of Al McHenry to score on a penalty kick prevented the Ratican team from gaining a tie with the Vespers in the opening game. Bochnick scored on a long, twisting shot from the penalty line and the Vespers scored twice on short shots by Diaz and Gockel. Bochnick was the best forward on the field in the first game.

Chaney Opposes O'Brien Tonight

Wagner and Goodrich Battle in Other Lightweight Elimination Match.

Special to the Post-Dispatch.
NEW YORK, Feb. 23.—George Chaney of Baltimore and Tommy O'Brien of Milwaukee are scheduled to box 12 rounds at Madison Square Garden tonight in the opening bout of the lightweight elimination tournament to decide a successor to Benny Leonard, who recently retired. Eddie (Kid) Wagner of Philadelphia and Jimmy Goodrich of Buffalo are on the same card.

In addition to the two bouts in the East, Joe Benjamin and Jack Silvers are down to battle 10 rounds in San Francisco, with the winner to enter the second round of the competition.

Matches in the Eastern eliminations will continue throughout the week. All will be at 12 rounds. The schedule after opening night is as follows:

Tuesday: Clyde (K. O.) Jeakle of Columbus vs. George (Kid) Lee of Worcester.
Wednesday: Charles O'Connell of Cleveland vs. Joe Dundee of Baltimore.
Friday: Alex Hart of Philadelphia vs. Benny Wagner of New York; Archie Walker of Brooklyn vs. Solly Seaman of New York.

Saturday: Jack Bernstein of Yonkers vs. Basil Galliano of New Orleans.
In addition to the lightweight eliminations, Jack Delaney of Bridgeport, Conn., and Tiger Flowers, the Atlanta negro, are scheduled to meet in a return match at Madison Square Garden, Thursday night. Delaney stopped Flowers in two rounds in their previous bout.

Nearly A \$1,000,000 To Take Out A Tunnel

TUNNELS are always objectionable and frequently cause delays in running schedules. Yet, because of various reasons—extra expense, right of way, and greater physical obstacles—tunnels have been constructed by all great trunk lines.

In line with its policy of constantly striving for improvement to its service by bettering its road conditions, the Louisville & Nashville Railroad is at present engaged in the gigantic undertaking involving the expenditure of \$760,000.00 in constructing "fills" to eliminate bridges and ultimately to remove a tunnel at Muldraugh's Hill, just South of Louisville.

For nearly a year the work of filling in two great gorges totaling 1,400 feet in width and 90 feet in depth, has been going on. The work will not be completed for another twelve months, but when the track is laid over this hill it will cut off a considerable amount of time, and will materially facilitate operations and improve the service to the public.

When you are impressed with statements that the railroads are earning huge dividends, ask for authoritative information on operating costs and investments in necessary improvements.

COLDS THAT
DEVELOP INTO
PNEUMONIA

Chronic coughs and persistent colds
lead to serious lung trouble. You can
stop them now with Creomulsion, an
emulsified creosote that is pleasant to
take. Creomulsion is a new medical
discovery with twofold action: it soothes
and breaks the inflamed membranes and
kills the germ.

Of all known drugs, creosote is recog-
nized by the medical fraternity as the
greatest healing agency for the treat-
ment of chronic coughs and colds and
other forms of throat and lung trouble.
Creomulsion contains, in addition to
creosote, other healing elements which
soothe and heal the inflamed mem-
branes and stop the irritation and in-
flammation, while the creosote goes on
to the stomach, is absorbed into the
blood, attacks the seat of the trouble
and destroys the germs that lead to
consumption.

Creomulsion is guaranteed satisfac-
tory in the treatment of chronic coughs
and colds, bronchial asthma, catarrhal
bronchitis and other forms of throat
and lung diseases, and is excellent for
building up the system after colds or
the flu. Money refunded if any cough
or cold, no matter how long stand-
ing, is not relieved after taking accord-
ing to directions. Ask your druggist.

COOLIDGE LOOKS
TO RULE OF LAW
TO END WARS

Says There Is a More Defi-
nite Conception That
World Peace Is Possible
Than Before.

EXPECTS APPROACH
WILL BE GRADUAL

In the Meantime, He As-
serts, Policy of U. S.
Must Be Preparedness
Without Militarism.

By the Associated Press.
WASHINGTON, Feb. 22.—Pro-
portionally as the nations make
progress in creating effective tri-
bunals for peaceful settlement of
international differences they will
find themselves able to lessen their
military establishments. President
Coolidge said in an address today
to delegates to the Women's Con-
ference on National Defense as
Peace Insurance.

"If the rule of law were estab-
lished and certain, then there
would be far less need of arma-
ments," the President said. "So
as we advance toward security un-
der the law, we shall be able to re-
duce the strength and cost of
armaments."

Speaking to the delegates at the
White House, the President made
no direct reference to the pending
move for another arms conference.
But did take occasion to say that
"a country so powerful in numbers
and wealth, so fortunate in its lo-
cation as our own, can and should
set an example of moderation in
armament, and should invite others
to pursue a similar program."

Devoted to Ideal of Peace.
"And whenever a particular na-
tion shall convince its neighbors of
such a purpose of moderation with-
out aggression," he added, "it will
be easier for other nations to adopt
a similar attitude."

"The only enduring peace must
be the peace of law, of order, of
security and honor. Such a peace
we wish for ourselves, and we de-
voutly wish to share it with every
neighbor in the family of nations.
"Universal and assured peace,
under the law of nations, is an
ideal to which all of us are de-
voted. It is true that we have not
stopped wars. But it is also true
that there is today a more definite
and more widely entertained con-
ception than ever before, of the
possibility to prevent war under an
effective rule of law. This is the
great advance. We have not re-
ached the end; probably we will
not reach it for many generations.
But it can hardly be doubted that
the purpose and aspiration of hu-
man kind are definitely, intelli-
gently and insistently enlisted in
the effort to make war an impossibility
in the world."

But Preparedness Required.
"But we are compelled to recog-
nize that national safety requires
such a measure of preparedness as
shall be the guaranty against ag-
gression, without committing the
nation to militarism. For the pres-
ent the most we can hope is to
secure general acceptance, in good
faith and without reservation of the
view that whatever armaments we
create, whatever preparations we
make, shall be limited to the rea-
sonable requirements of security."

"I do not think we should set
a good example by abolishing our
army and navy. But we can af-
ford to limit our military and naval
establishments so as to assure that
while determined and able to de-
fend ourselves, we have no intent
of aggression. If every nation
would enforce such a policy, the
need of armaments would be enor-
mously lessened, and the general
welfare of humanity correspond-
ingly promoted."

SPEAKS FOR UNIVERSAL SERVICE

Dwight F. Davis Tells of Plans to
Eliminate Slacker and Profiteer.

By the Associated Press.
WASHINGTON, Feb. 22.—As-
sistant Secretary of War Dwight F.
Davis told the Women's conference
on national defense in session here
today that the United States was
determined to eliminate the slacker
and the profiteer in case there ever
is another war.

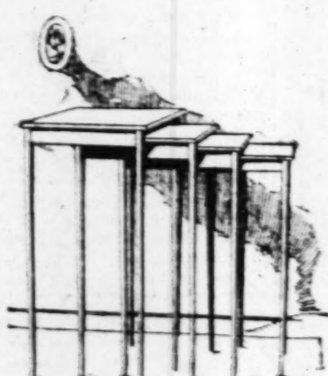

Urging a bill now pending in Con-
gress based on the principle of uni-
versal industrial as well as mili-
tary service, he declared that it
contained the very essence of de-
mocracy. "By controlling labor
and capital," he said, "we effectively
eliminate the slacker. By pre-
paring contract forms to take
the profit out of war, by regulating
the procurements of supply depart-
ments and other governmental bu-
reaus to avoid competition in the
market and by rationing supplies
of power, labor, fuel and transpor-
tation we eliminate the profiteer."

tor. The payroll is honeycombed
with useless jobs.

The Solons probably figure that
we've got to have something to
take the place of the late lamented
beer inspector. And they've
only to knock off the "r" to make
a bee inspector.

It matters not that the education-
al budget has to be curtailed as
long as it is known that the bees
are dying 100 per cent service.

Furthermore and finally, the tax-
payers are so used to having the
bee put on them that if they don't
get it they ask for it.

ON THE JOB.
Now doth the bee inspector.
In manner sly and stealthy
Sneak up upon the busy bee
To see if he is healthy.

"Fortune Sunk in Sand."
Quick sand, we take it.
The man on the sandbox says
he thinks it was the tired business
man who put the "con" in confer-
ence.

Most of the time he is "in confer-
ence" only with his caddy as
what club to use on the next shot.
However, it is only those who
hustle at the beginning that can
enjoy the luxury of being a tired
business man later on in life.

**"Wife Charges Lawyer Black-
ened Her Eyes."**
As he didn't fail to dot her eyes
there is apparently no flaw in the
indictment.

See where William A. Brady has
withdrawn his play "A Good Bad
Woman." Demonstrating that
there is no such thing as a good
bad play.

A moral that has to be put over
through the medium of filth has
the opposite effect.

TOO TRUE.
In advocating a return to the
whiskers of our fathers, Arthur
Ponsonby (pronounced Persim-
mons, we presume), a member of
Parliament says that the beardless
youths are dominated by the girls.
When it comes to that, however,
the girls seem to have no trouble
in leading the bearded old gaffers
around by the whiskers.

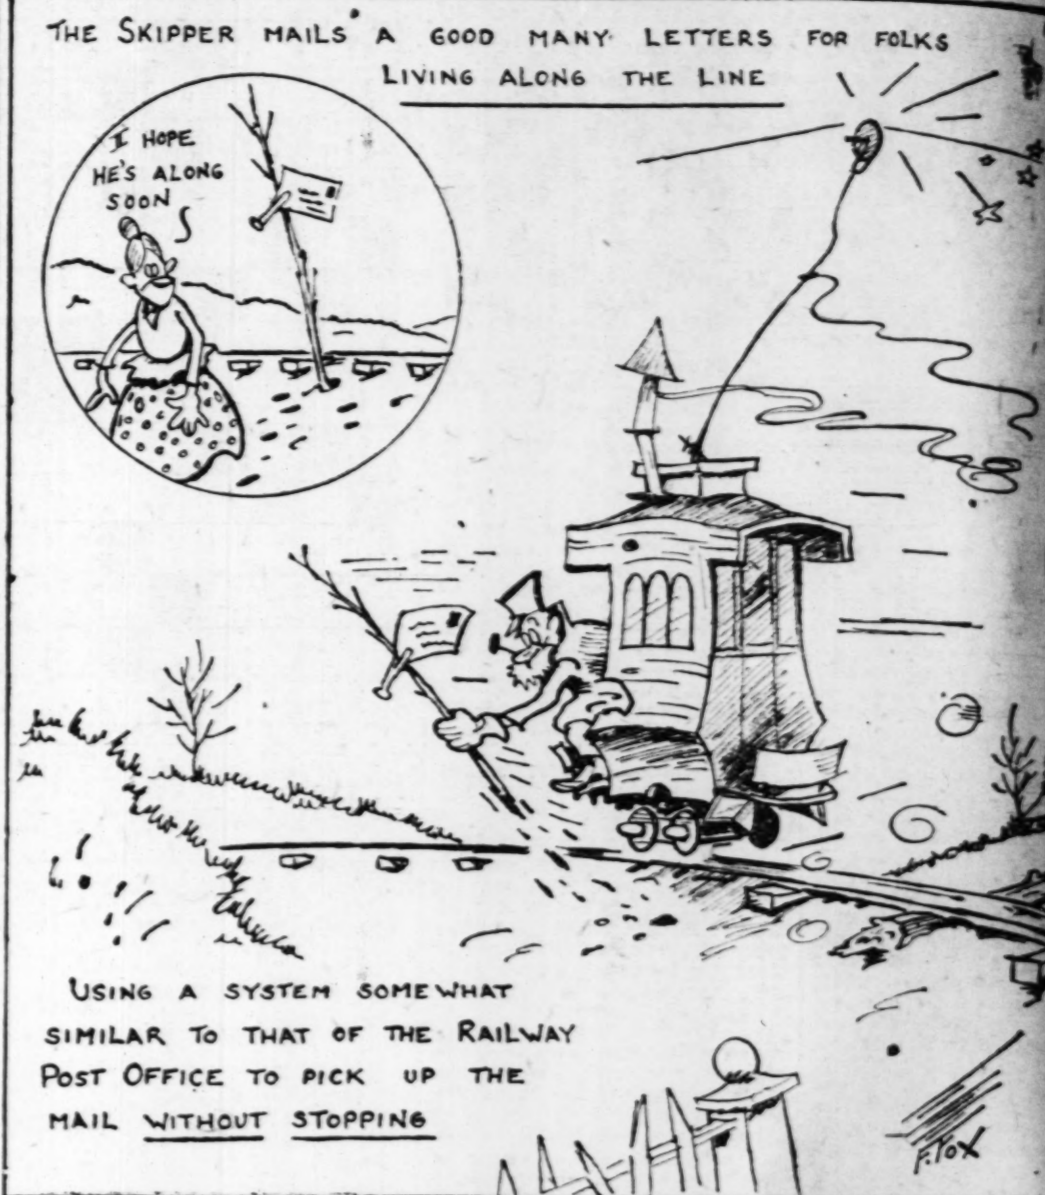

The counterfeiters who stashed
27 spurious \$5 bills behind the
skunk house at the Zoo haven't
even got a cent to show for their
money.

A large majority of the Con-
gressmen are lawyers. Which may
account for the large number of
laws we have.

2 KILLED, MANY INJURED, IN TRAIN CRASH IN JERSEY

Philadelphia Express Rams Rear of Havana Limited at Manhattan Transfer of Pennsylvania Road.

CAR INSPECTORS ARE THE VICTIMS

Passengers in Diner Are Hurlled into Aisles—Men and Women Rescued Through Windows.

HARRISON, N. J., Feb. 24.—Two persons were killed and between 20 and 25 injured when a New York-Philadelphia train on the Pennsylvania Railroad crashed into the rear of the Havana Limited, New York-to-Florida train, at Manhattan Transfer, near here, at 9:35 o'clock this morning.

The dead are George Muther and Joseph Patrick, car inspectors.

The injured include Ernest Carter, Jamaica, N. Y.; Frank Hutchison, Jersey City; Olga Barbin, Philadelphia; Mr. and Mrs. A. C. Gerber, Brooklyn; I. M. Egan, Brooklyn; Anna Braunstein, New York; Joseph H. Goodman, Brooklyn; Theodore Williams, New York, cook in the dining car; Edward Banker, New Brunswick, N. J.; Mr. and Mrs. R. Lovelace and their son, of Tompkins, Ga., slightly injured; Albert Jackson, Henry Hagrock and John Reilly, all of New York.

The Florida-bound train had slipped at Manhattan Transfer to change engines. It was reported to have been five minutes late. Both trains left New York five minutes apart.

Most of the injured were in the two rear cars of the Florida-bound train and the first car of the train that crashed into it.

The last car of the Florida train was a diner. The crash occurred while the diner was filled with passengers eating breakfast. The dining car was derailed and toppled on its side.

Women fought to get out. Passengers were hurled into the aisles and chairs and tables overturned. Flying glass went in all directions.

Passengers in other cars went to the aid of those injured in the diner. Men and women were pulled through broken windows.

While the passengers were working feverishly to take out the injured, a hospital train was made up at Manhattan Transfer. Many of the injured were taken to Newark.

Others of the injured were taken by train to New York, where they were treated at the hospital maintained by the Pennsylvania Railroad. Others were taken to Bellevue Hospital, New York City.

ALASKAN TOWNS ROCKED BY SEVERE EARTHQUAKE

Chimneys Wrecked, Water Pipes Broken and Seward-Valdez Cable Cut in Two.

ANCHORAGE, Alaska, Feb. 24.—Towns along 444 miles of the Alaska Railroad were rocked yesterday by one of the most severe earthquakes ever experienced by Alaskan pioneers, according to reports received last night and today. Chimneys were wrecked, water pipes broken and a Seward-to-Valdez cable cut in two by the tremors.

Two distinct shocks were felt here, the second being the harder. The public school was dismissed. At Seward, 114 miles southeast of Anchorage at one terminus of the Alaska Railway, chimneys of residences were rocked and water pipes were broken. Residents hurried into the streets for safety.

At the other terminus of the railroad, Fairbanks, no damage was reported, although office buildings and homes were rocked. The tremors lasted from half a minute at Seward to a minute at Fairbanks.

The St. Louis University seismograph last night recorded earthquake tremors for almost an hour, a severe shock being recorded at 8:19 p. m.

JEWELER AND POLICEMAN FIRE ON WOULD-BE ROBBERS

An attempt by three men to hold up Bernard M. Fink in his jewelry store at 4455 Gravois avenue at noon today was frustrated when Fink, who had a revolver at hand for just such an emergency, fired three times at the robbers. The would-be robbers fled on foot and scattered when Patrolman Fink pursued, shooting after them. The policeman thinks he wounded one. All escaped.
